FARM
AURORA, CO**

**PROJECT
WORTHMORE**

JOIN US IN CELEBRATING THE FIRST HARVEST OF THE SEASON WITH MUSIC, FOOD AND COMMUNITY.

The **First Harvest Music Festival** takes place at Delaney Community Farm, a 5-acre farm that supports refugees through an intensive educational program, sustainable agriculture, and community building.

This event is an opportunity for all to come together to show solidarity for our refugee neighbors and to recognize the work that takes place on the farm in honor of World Refugee Day.

WILL YOU JOIN US?

As a corporate sponsor, you support this annual event and our work in the refugee community. Project Worthmore started as a makeshift response to the unmet needs of our refugee neighbors in 2009 and has grown to offer **six comprehensive programs** including:

-  An **English Language Program** to increase comfort and fluency with the English language to aid in integration.
-  The **Yu Meh Food Share** to increase access to healthy, fresh food.
-  A **Family Partnership Program** to facilitate social bridging, provide a sense of inclusion, and encourage families to fulfill their personal goals.
-  **DeLaney Community Farm** to provide refugees access to farming, healthful food and community.
-  The **Worthmore Clinic** to combat oral disease that relates to a host of poor systemic health issues.
-  **Community Navigators** to foster independence and self-sufficiency.

THANKS FOR YOUR SUPPORT!
